JAKE MCNICHOLAS

STUDIO ENGINEER/SOUND TECH/PERFORMER/
EVENTS AND MARKETING

PROFILE

After leaving an electrical apprenticeship, I began to hone my skills into the music industry with passion. From touring the UK and Europe with The Northern Threads, to creating my own events in The Yellow Earl, I have shown my proficiency to produce high standards of work. I am now looking to join an enthusiastic team to continue my career within the music industry, I am eager to learn with a strong work ethic, communication, teamwork, adaptability, problem-solving, critical thinking and much more.

WORK EXPERIENCE

● **Mighty Boof - Whitehaven Alive - Off The Pier** 2020-PRESENT
Event & Festival organiser - Infrastructure Producer

- Labouring on site, complying with health and safety to deliver industry standards of events & festivals. Using tools to set up rigs.
- Working within a team to produce high quality productions.
- Using skills to help market and promote events.

● **The Yellow Earl** 2018-2022
Event Manager/Bar Manager/ Sound Engineer

- Marketing, planning, producing and sound tech for events in a 150 capacity venue.
- Problem solving, critical thinking and decision making to resolve implications to events.
- Working in high intensity environment to deliver to fans.

● **The Northern Threads** 2016 - PRESENT
Frontman/Soundtech/Marketing/DIY Studio Work

- Maintaining, setting up and providing sound for my touring band, working alongside sound engineers through both analogue and digital set ups. Using IEM systems and more.
- Creating documents for tech specs, organisations and marketing band.
- Photography/Videography to be then edited using Photoshop and Premier Pro.

● **Margrange Electrical** 2016 - 2018
Apprentice Electrician

- First and second fixing both domestic and industrial.
- Problem solving, cable pulling, terminating SWA, levelling sockets to high quality standards and delivering to high customer standards. Proficiency with hand and power tools, eye for perfection.
