## WORK HISTORY

**Warehouse and onsite technician** | Halo lighting ltd - 04/2020 - 05/2024  
London

I worked various roles at halo lightning. Most days I would be in the warehouse and my day would consist of dealing with all the equipment in the warehouse.

Halo had a vide variety of equipment.

- staging
- truss
- battery powered lights (astera, up lighters, helix)
- various robe kit (mega pointe, pointe, spikies, spiiders)
- Portman
- d&b (Y7P, T10, B6,B8 subs, monitors d12. D20 amps)
- sound craft desks
- senhiser transmitters and receivers. (Including mics)
- dj equipment ( cdj 2000, cdj 3000, mixers)
- tvs, projectors, laptops
- sparkulars, lasers, smoke machines, hazars

And much more.

Also in the warehouse I would be
