PROFILE

A passionate and hardworking individual with a keen interest in production and event technology, bringing a driven approach to every challenge. Physically active and always ready to go the extra mile. Eager to acquire new skills and grow professionally within the industry. Looking for career opportunities to become a full-time AV Technician.

EXPERIENCE

Data Cabling Engineer | Fibre, Ethernet & PoE Security Camera Installer

PMY Group Pty Ltd
05/2023 - Present

Notable events include: BST Hyde Park Festival, Wimbledon, All Points East, Royal Windsor Horse Show

- Trusted with the task of site-leading the team on occasion to manage and take care of work duties at Hyde Park BST.
- Recce out cable routes and install kit independently, comfortable managing high-intensity workload during peak times.
- Commended for positive attitude and attention to detail completing tasks to a high standard.
- Liaising with other production departments confidently and effectively.

Camera Assistant & Production Runner | Documentary

Monster Films
08/2023 - 04/2024

Notable productions include: Seasons 9 & 10 of Murder by The Sea (True Crime Channel), The Real Serpent: Investigating a Serial Killer (Channel 4)

- Fulfilling many roles at once on set i.e. (AD, PA, Runner and lighting) due to low budget. Can multitask and adapt to the challenge.
- On occasion, responsible for directing and shooting the reenactment scenes, clearly communicating the shots needed from the actors whilst recording.
- Physically strong and coordinated when packing and storing kit carefully and promptly.

Livestream Editor | Red Bull Golden Letters: Tekken 8 Tournement

Bombee
10/2024

- Worked closely with the client (Redbull) to understand their style, preferences and brand, adapting edits to align with their vision.
- Managed time effectively, meeting strict deadlines in a live production environment.

EDUCATION

2019 - 2021

MEDIA PRODUCTION - UNIVERSITY OF SOUTH WALES

BA (Hons) Awarded Upper
Second Class Honours (2:1)

SKILLS

- Install, terminate and test Cat5 cables and derig fibre patch panels
- Work safely on build and break sites
- Mount and secure network devices such as switches, routers, and access points
- Set up and rig cameras e.g. Sony Fx6
- Securing cameras on stabilisers and assisting with dolly, crane and Steadicam setups
- Adobe Premier Pro
- Capture shots, adjusting angles, zoom, and framing in real time
- Film set etiquette
- Fluent in Welsh

EXPERIENCE

■ Outside Broadcast (OB) Camera Operator | Music Festival

Green Man Festival & 4Wall Entertainment
08/2020 - 08/2024

- Vision mixed for the external screen during Bicep's set (2022). The screen wasn't going to showcase footage but saw that as an opportunity for the audience outside of the tent to feel included, taking the initiative to make it happen.
- Taking on voluntary opportunities in the festival to develop my skills i.e. learning to vision mix and digital colour grading.
- Advocate for the Green Man Trust charity, supporting positive change for local Welsh communities and providing career experiences for youth.

■ Customer Assistant | Checkout and Stock Control

Tesco PLC
11/2015 - 11/2022

- Volunteered for extra shifts during peak periods to alleviate staff shortages.
- Helped customers find products, answer questions, and offer general assistance to improve their shopping experience.
- Trained new employees on the checkout tills and PDA scanners.

HOBBIES & INTERESTS

- Weight lifting
- Boulderling
- Swimming
- Videography
