14th November 2000

EXPERIENCE:

September 2021 - April 2024: Technical Manager- Stamford Corn Exchange Theatre.

Key tasks included advancing technical riders and detail for both incoming touring shows & in-house productions. Managing technical, FOH staff & volunteers. Overseeing maintenance of all lighting & sound kit and building operations. I also gained some experience in contract & budget detail.

September 2019 - March 2020: Technician - Stamford Corn Exchange Theatre. (Partaking in Business Administration Apprenticeship)

This role I spent time learning the administrative side of the industry including talking with Promoters/ Productions as well as equipment on both sound and lighting side of the Live Event Industry. Taking what i had learnt in previous years into practice

Lighting Co-Ordinator-Young Technicians Academy (September 2021 - September 2022)

The Young Technicians Academy, is a CIC that I got involved in and headed up the lighting department while they were in transition of a move into a new HQ and education centre. This organisation train young students and adults to grow their experience in working in the Live Event Industry.

Garden Landscaper - CK Garden Design (March 2020 - September 2021)
