About Me:

I am a recent graduate from **University of Kingston, London** with a degree in **Music Technology** stream. With a lifelong interest of being a creative person, I have been able to explore many avenues of creative expression and work. I have always found my best form of expression to be through music as a singer, songwriter, mixing, mastering and a live sound engineer.

Now, I am seeking an opportunity in **Sound Engineering**, to make a successful and rewarding career in the music technology arena.

Qualifications:

University Degree: *September '2021 to August' 2024*
