I am a hardworking, conscientious and mature person who is confident in my abilities. I am a team player who enjoys working with a variety of people and listening to others' opinions as well as forming my own. I am passionate about the creative industry and keen to pursue a career within it. I have a Bachelor of Arts with Second Class Honours Upper Division after studying Film Production at Arts University Bournemouth specialising in Cinematography, I took part in numerous productions including two graduation films. Overall my time working with high-end production equipment and professionals has given me valuable technical skills as well as key problem-solving abilities. I am also highly interested in the audio-visual industry particularly for live events and music as I am highly passionate about music and how the atmosphere at events is curated through lighting and visual design. I am looking into taking part in a short course for training in GrandMa. I also gained experience driving a van whilst at AUB. Earlier experiences during my working life included two different work placements during the summer of 2017 at an engineering company and an events organisation. I was lucky enough to work at the Bournemouth Airshow for a company called Fonix (now known as LEDhouse) where my duties included being a production runner, catering to the support of a camera crew. I have also completed a first aid course, have a CSCS card and have a full clean driving licence. In my spare time, I enjoy going to the gym, film photography and socialising on weekends, I also have a passion for electronic music and spend a lot of my free time mixing on decks and have even taken part in local events. I pride myself on being a strong and healthy individual and wish to maintain this throughout my working life. I have worked at a car wash, learning skills such as outdoor maintenance and using specialised equipment. For the past six years, I have been working in customer service at a busy fish and chip shop in Mudeford called Alexander's Fish and Chips, where I now have the role of Assistant Manager. During my time at this job, I have learnt the importance of clear communication as well as how to work under high amounts of pressure. In addition, I have helped train newer members of staff, which boosted my confidence and gave me new leadership skills. I am also currently working as a labourer for shopfitting and have learned skills in using power tools and working within a construction environment. I am looking for work that fits my interests and skillsets and am excited to join the creative industry.

Personal Details

Driver's License: Cars

Eligible to work in the UK: Yes

Highest Level of Education: Bachelor of Arts with Second Class Honours Upper Division in Film Production (Cinematography)

Work Experience

Labourer – Shopfitting

Harvey's Shopfitting-
Ferndown

October 2024 to Present

I have been inducted into power tools such as drills, drivers, circular saws, multi-tools, floor strippers and more.

Fish and chip shop

Alexanders Fish and Chips -
Mundeford

March 2019 to Present

I served customers, using a till, packing and preparing food. I also cleaned equipment and washed up during quieter periods. I also gained a Level 2 Food and Hygiene certificate from working at the shop and due to my experience helped with staff training.

Café Nero – Shift Leader

Café Nero – Christchurch Road

November 2022 – June 2023

I worked as a shift leader and worked as a Barista serving customers. Duties included general maintenance of the shop and a level of professionalism when serving customers.

Room Attendant/Housekeeping

Travelodge - Bournemouth

September 2021 to June 2022

I cleaned rooms before customers would come to stay as well as maintained the corridors of the hotel. The job also included smaller jobs such as topping up rooms and collecting dirty linen

Car Wash Attendant

imo Car Wash - Great Somerford

October 2018 to March 2019

Duties included cleaning the inside of customer's cars as well as using equipment such as a jet wash to clean the outside of their car. I also operated the car wash from a control station and helped maintain the grounds the car wash was on.

Camera Crew Runner

Fonix (Now LEDhouse) – Bournemouth Air Show

Duties included assisting the camera crew in any way possible
